1. Blinds with and X or Y greater than 700mm require a larger crossbar. Tick the Hidden Crossbar box to ensure it remains concealed.
2. The maximum height of a wooded trims is 150mm. Deeper trims can be made but there will be a join every 150mm.
3. Lower wood trim fixing kits are available as an optional extra. Aluminium trims have secret fixing brackets supplied.
4. Blinds with and X or Y greater than 700mm require a larger crossbar. To keep the crossbar hidden 20mm will be added to the Y of the blind (but not the trim).

	Width	Drop
