 Please supply a sample so that it can be checked for suitability

Qty

1. If recess size is specified the blind will be made X minus 10mm[3/8"] and Y minus 5mm[1/4"].
2. Installation height required for cord operated blinds. EN13120 Standards demand the distance from the floor to the bottom of the pull cord(s) shall be at least 1500mm [59 1/16"] and a cord collection device (cleat) is fitted at or above this height. We can only supply blinds meeting these conditions unless the above question has been answered No.
3. Installation height less cord length must be greater than 1500mm [59 1/16"].
4. Please fill in a Powered Accessories Custom Order Form.
5. A selection of simple shapes are available, please contact Oceanair for more details.

Internal use only	Customised
