ID	Location	Blind Or Recess	Width (X)	Drop (Y)	Fabric	Hardware colour	Fixings	Qty
1		Blind Recess				White Beige	Top Face	
2		Blind Recess				White Beige	Top Face	
3		Blind Recess				White Beige	Top Face	
4		Blind Recess				White Beige	Top Face	
5		Blind Recess				White Beige	Top Face	

Maximums and minimums

	Min	Max
Width	280mm [11"]	2000mm [78 3/4"]
Drop	150mm [5 7/8"]	2000mm [78 3/4"]

Blind or Recess.

- Hardware width (Z) of blind is fabric width (X) plus 6 mm (3mm per side) allowance for end caps. If recess is specified an additional allowance for installation / clearance is made of 2mm per side, resulting in fabric width 10mm less than recess (5mm each side).
- The overall blind drop Y is measured from top of headrail to bottom of moving rail. no deduction is made for either blind or recess fit.
- If not fitting in recess consider suitable overlap to minimise light bleed or gap around blind, and allow for upper and lower fixings.

Fabrics

- 20mm classic pleated fabrics are available, with a choice of Sheer, Privacy or Blackout
 - 25mm Privacy fabrics are available from the Honeycomb range. Blackout Honeycomb is not available on this blind.
- Please see the [Oceanair Online fabric collection](#)
